

JONES CREEK RESERVE COMMUNITY ASSOCIATION, INC.
ACCESS, PRODUCTION, AND COPYING POLICY

STATE OF TEXAS §
 §
COUNTY OF FORT BEND §

I. PURPOSE

The purpose of this Access, Production, and Copying Policy (this “***Policy***”) is to prescribe (i) accessibility to books and records of Jones Creek Reserve Community Association, Inc. (the “***Association***”) and (ii) the costs the Association will charge for the compilation, production, and reproduction of information requested under Section 209.005 of the Texas Property Code. The Board of Directors of the Association (the “***Board***”) has determined that it is in the best interest of the Association to establish this Policy concerning the production and copying of information, books, and records of the Association.

II. APPLICABILITY AND AUTHORITY

The property encumbered by this Policy is that property restricted by the Declaration of Covenants, Conditions, and Restrictions for Jones Creek Reserve, recorded in the Official Public Records of Fort Bend County, Texas under Clerk’s File Number 2024034546, as same has been or may be amended from time to time (the “***Declaration***”), and any other property which has been or may be subsequently annexed into Jones Creek Reserve and made subject to the authority of the Association.

The capitalized terms used in this Policy are defined in the same manner as set forth in the Declaration and the interpretation provision set forth in the Declaration applies to this Policy, which definitions and interpretation provision are incorporated in this Policy by this reference.

The Board is authorized by the Dedicatory Instruments to adopt rules and policies pertaining to the governance of the Association.

The Board adopts this Policy, which runs with the land and is binding on all Owners and Lots within the Property. This Policy is effective upon the recording of same. After the effective date, this Policy replaces any previously recorded or implemented policy that addresses the access, production, and copying of Association books and records.

Invalidation of any one or more of the covenants, conditions, restrictions, or provisions contained in this Policy will in no way affect any one of the other covenants, conditions, restrictions, or provisions of this Policy, which remain in full force and effect.

III. ACCESS, PRODUCTION, AND COPYING POLICY

1. Access

The books and records of the Association, including financial records, must be open to and reasonably available for examination by an Owner, or a person designated in writing signed by the Owner as the Owner's agent, attorney, or certified public accountant. An Owner is entitled to obtain from the Association copies of information contained in the books and records. An Owner, or the Owner's authorized representative, must submit a written request for access or information by certified mail, with sufficient detail describing the books and records requested, to the mailing address of the Association as reflected on the Association's most current management certificate. The request must contain an election either to inspect the books and records before obtaining copies or to have the Association forward copies of the requested books and records.

An attorney's files and records relating to the Association, excluding invoices requested by an Owner under Section 209.008(d) of the Texas Property Code, are not records of the Association and are not subject to inspection by the Owner or to production in a legal proceeding. If a document in an attorney's files and records relating to the Association would be responsive to a legally authorized request to inspect or copy Association documents, the document must be produced by using the copy from the attorney's files and records if the Association has not maintained a separate copy of the document. Any document that constitutes attorney work product or that is privileged as an attorney-client privileged communication is not required to be produced.

The Association is not required to release or to allow inspection of any books or records that identify (a) the Dedicatory Instrument violation history of an Owner, (b) an Owner's personal financial information, including records of payment or nonpayment of amounts due the Association, (c) an Owner's contact information other than the Owner's address, or (d) information related to an employee of the Association, including personnel files. These records may be made available only (i) with the express written approval of the Owner whose records are the subject of the request or (ii) if a court of competent jurisdiction orders the release of the records. Information may be released in an aggregate or summary manner that would not identify an individual Owner.

If inspection is requested, the Association, on or before the 10th business day after the date the Association receives the request, must send written notice of dates that the Owner may inspect the requested records to the extent the records are in the possession or control of the Association. The inspection will take place at a mutually agreed upon time during normal business hours.

If copies are requested, the Association must produce the requested records for the Owner on or before the 10th business day after the date the Association receives the request except as otherwise provided in this Policy. The Association may produce the requested records in hard copy, electronic, or other format reasonably available to the Association.

If the Association is unable to produce the records on or before the 10th business day after the date the Association receives the request, the Association must give the Owner notice that it is unable to produce the records within 10 business days and state a date by which the information will be sent or made available for inspection, on a date not more than 15 business days after the date the notice is given.

Notwithstanding anything contained in this Policy to the contrary, all records must be produced subject to the terms of this Policy as set out below. The Association may require advance payment of estimated costs per its adopted policy.

2. Custodian of Records

The Secretary of the Board or other person designated by the Board, is the designated Custodian of the Records of Association. As such, the Secretary of the Board or other person designated by the Board, as applicable, is responsible for overseeing compliance with this Policy. Any questions regarding this Policy must be directed to the Custodian of the Records of the Association.

3. Procedures for Responding to Requests for Information

All requests for information must comply with the requirements set forth above. The dated and signed, written request must state the specific information being requested.

Requests for information will **NOT** be approved when the information (1) regards pending legal issues, unless specifically required by law; (2) regards personnel matters, such as individual salaries; (3) regards other Members; or (4) is privileged or confidential.

4. Cost of Compiling Information and Making Copies of Records

The costs of compiling information and making copies may not exceed those set forth in 1 TAC §70.3. The following fee schedules and explanations comply with this code section.

The following are the costs of materials, labor, and overhead which will be charged to the Owner requesting. The Association may require advance payment of the estimated costs of compilation, production, and reproduction of the requested information. If the estimated costs are lesser or greater than the actual costs, the Association must submit a final invoice to the Owner on or before the 30th business day after the date the information is delivered. If the final invoice includes additional amounts due from the Owner, the additional amounts, if not reimbursed to the Association before the 30th business day after the date the invoice is sent to the Owner, may be added to the Owner's account as an Assessment. If the estimated costs exceeded the final invoice amount, the Owner is entitled to a refund, and the refund must be issued to the Owner not later than the 30th business day after the date the invoice is sent to the Owner.

4.1 Copy Charge:

(1) Standard paper copy: The charge for paper copies reproduced by means of an office machine copier or a computer printer is \$0.10 per page or part of a page. Each side that has recorded information is considered a page.

- (A) Diskette – \$1.00

- (D) Tape cartridge – actual cost

(1) Labor charge – \$15.00/hour. This charge includes the actual time to locate, compile, manipulate data, and reproduce the requested information.

(2) When confidential information is mixed with public information on the same page, a labor charge may be recovered for time spent by an attorney, legal assistant, or any other person who reviews the requested information to redact, blackout, or otherwise obscure confidential information in order to release the public information.

(3) No labor charge may be billed for requests that are 50 or fewer pages of paper records, unless the documents to be copied are located in:

- (A) 2 or more separate buildings that are not physically connected with each other; or

(B) A remote storage facility.

4.3 Overhead Charge:

Whenever a labor charge is applicable to a request, the Association may include in the charges direct and indirect charges, in addition to the specific labor charge. This overhead charge covers such costs as depreciation of capital assets, rent, maintenance and repair, utilities, and administrative overhead. If the Association chooses to recover such costs, the charge will be made in accordance with the methodology described below:

- (1) The overhead charge may not be made for requests for copies of 50 or fewer pages of standard paper records unless the request also qualifies for a labor charge;
- (2) The overhead charge is computed at 20% of the charge made to cover any labor costs associated with a particular request.

4.4 Miscellaneous Supplies:

The actual cost of miscellaneous supplies, such as labels, boxes, and other supplies used to produce the requested information, may be added to the total charge. Related postal or shipping expenses which are necessary to transmit the reproduced information may be added to the total charge. If payment by credit card is accepted and a transaction fee is charged by the credit card company, that fee may be added to the total charge.

5. Denial of Requested Information

If it is decided that a request for information is inappropriate or unapproved, the Board, or its designee, will notify the requesting Member of that decision and the reason for it in a timely manner. The Board, or its designee, will inform the Owner, in writing of their right to appeal to the Board.

JONES CREEK RESERVE COMMUNITY ASSOCIATION, INC.
SECURITY MEASURES POLICY

STATE OF TEXAS §
 §
COUNTY OF FORT BEND §

I. PURPOSE

The purpose of this Security Measures Policy (the “***Policy***”) is to provide guidance regarding security measures on Lots as authorized by Texas Property Code 202.023 (the “***Code***”). The Board of Directors (the “***Board***”) of Jones Creek Reserve Community Association, Inc. (the “***Association***”) has determined that it is in the best interest of the Association to establish this Policy regarding security measures on property subject to its jurisdiction.

II. APPLICABILITY AND AUTHORITY

The property encumbered by this Policy is that property restricted by the Declaration of Covenants, Conditions, and Restrictions for Jones Creek Reserve, recorded under Clerk’s File No. 2024034546 in the Official Public Records of Fort Bend County, Texas, as same has been or may be amended from time to time (the “***Declaration***”), and any other property which has been or may be annexed into Jones Creek Reserve and made subject to the authority of the Association.

The capitalized terms used in this Policy are defined in the same manner as set forth in the Declaration and the interpretation provision set forth in the Declaration applies to this Policy, which definitions and interpretation provision are incorporated in this Policy by this reference.

Any reference made in this Policy to approval by the Architectural Review Committee (the “***ARC***”), means prior written approval by the ARC.

Pursuant to the Dedicatory Instruments governing the Property, the Association is vested with the authority to adopt policies, rules, and guidelines.

Pursuant to the authority granted in the Code, the Board adopts this Policy, which runs with the land and is binding on all Owners and Lots within the Property. The provisions of this Policy are in addition to any other applicable guidelines, rules, or policies. This Policy is effective upon the recording of same. After the effective date, in the event of a conflict between the terms of this Policy and any previously adopted guidelines, rules, or policies addressing security measures, this Policy will control.

Invalidation of any one or more of the covenants, conditions, restrictions, or provisions contained in this Policy will in no way affect any one of the other covenants, conditions, restrictions, or provisions of this Policy, which remain in full force and effect.

III. SECURITY MEASURES POLICY

1. **ARC Application Required.** Before any security measure contemplated by Section 202.023(a) of the Code is constructed or otherwise erected on a Lot, an ARC application must be submitted to the Association and approved in writing in accordance with the Dedicatory Instruments. The following information must be included with the application:

- a. Type of proposed security measure;
- b. Location of proposed security measure;
- c. General purpose of proposed security measure; and
- d. Proposed construction plans or site plan.

Owners are encouraged to be aware of the following issues when seeking approval for and installing a security measure:

- a. The location of property lines for the Lot. Each Owner should consider obtaining a survey before installing a security measure;
- b. Easements in the area in which the security measure is to be installed; and
- c. Underground utilities in the area in which the security measure is to be installed.

The Association is not obligated to and will not review an Owner's ARC security measure application for the above-referenced issues. Owners should be aware that a security measure may have to be removed if a person or entity with superior rights to the location of a security measure objects to the placement of the security measure.

2. **Type of Fencing.** The Code authorizes the Association to regulate the type of security measure fencing that an Owner may install on a Lot.

- a. The following type of security measure fencing is approvable:
 - i. Steel flat top metal fencing measuring 6 feet in height. Fence must be painted black. Decorative embellishments are prohibited.
 - ii. Pickets must be 3/4", 4" on center with 1-1/4" top and bottom rails.
 - iii. Any driveway or pedestrian gates installed must be comprised of the same material as the security measure fencing, must swing inward and equipment must be kept screened from view with evergreen shrubs.

- iv. When a metal picket fence meets a wood fence, the metal fence may not be attached to the wood fence. The metal fence is to be terminated with a 3 inch post adjacent to the wood post.
- v. Placement of fencing must comply with all state and local regulations.

The ARC has the discretion to determine any other types of approvable security measure fencing that are in addition to the type listed in this Policy.

- b. If the proposed security measure fencing is located on one or more shared Lot lines with adjacent Lot(s) (the “***Affected Lots***”), all Owners of record of the Affected Lots must sign the ARC application evidencing their consent to the security measure fencing before the requesting Owner (the “***Requesting Owner***”) submits the ARC application to the ARC. In the event that the Affected Lot Owner(s) refuse to sign the ARC application as required by this section, the Affected Lot Owner(s) and Requesting Owner acknowledge and agree that the Association has no obligation to participate in the resolution of any resulting dispute in accordance with this Policy.

3. Burglar Bars and Security Screens. All burglar bars, security screens, and front door entryway enclosures must be black, or any color approved by the ARC. Notwithstanding the foregoing, the ARC has the discretion to approve another color for burglar bars, security screens, and front door entry enclosures if, in the sole and absolute discretion of the ARC (subject to an appeal to the Board in the event of an ARC denial), the proposed color of the burglar bars, security screens, and front door entryway enclosures complements the exterior color of the Dwelling. All burglar bars and front door entry enclosures must be comprised of straight horizontal cross-rails and straight vertical pickets. Decorative elements and embellishments (whether part of the original construction of the burglar bar or security screen or an add-on) of any type are prohibited on burglar bars, security screens, and front door entryway enclosures.

4. Location. A security measure may be installed only on an Owner’s Lot, and may not be located on, nor encroach on, another Lot, street right-of-way, Association Common Area, or any other property owned or maintained by the Association. No fence may be installed in any manner that would prevent someone from accessing property that they have a right to use or access.

5. Disputes; Disclaimer; Indemnity. Security measures, including, but not limited to, security cameras and security lights, may not be permitted to be installed in a manner that the security measure is aimed or directed at an adjacent property which would result in an invasion of privacy, or cause a nuisance to a neighboring Owner or Occupant. **In the event of a dispute between Owners or Occupants regarding security measure fencing, or a dispute between Owners or Occupants regarding the aim or direction of a security camera or security light, the Association has no obligation to participate in the resolution of the dispute. The dispute will be resolved solely by and between the Owners or Occupants.**

EACH OWNER AND OCCUPANT OF A LOT WITHIN THE PROPERTY ACKNOWLEDGES AND UNDERSTANDS THAT THE ASSOCIATION, INCLUDING ITS DIRECTORS, OFFICERS, MANAGERS, AGENTS, EMPLOYEES, AND THE ARC, ARE NOT INSURERS AND THAT EACH OWNER AND OCCUPANT OF ANY DWELLING OR LOT THAT HAS A SECURITY MEASURE THAT HAS BEEN OR WILL BE INSTALLED PURSUANT TO THIS POLICY ASSUMES ALL RISKS FOR LOSS OR DAMAGE TO PERSONS, TO DWELLINGS AND IMPROVEMENTS, AND TO THE CONTENTS OF DWELLINGS AND IMPROVEMENTS, AND FURTHER ACKNOWLEDGES THAT THE ASSOCIATION, INCLUDING ITS DIRECTORS, OFFICERS, MANAGERS, AGENTS, EMPLOYEES, AND THE ARC, HAVE MADE NO REPRESENTATIONS OR WARRANTIES, NOR HAS ANY OWNER OR OCCUPANT RELIED UPON ANY REPRESENTATIONS OR WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE, RELATIVE TO ANY SECURITY MEASURE THAT MAY BE APPROVED BY THE ARC PURSUANT TO THIS POLICY.

OWNERS OF LOTS WITHIN THE PROPERTY AGREE TO INDEMNIFY, PROTECT, HOLD HARMLESS, AND DEFEND (ON DEMAND) THE ASSOCIATION, INCLUDING ITS DIRECTORS, OFFICERS, MANAGERS, AGENTS, EMPLOYEES, AND COMMITTEE MEMBERS COMPRISING THE ARC (COLLECTIVELY REFERRED TO AS THE “INDEMNIFIED PARTIES”) FROM AND AGAINST ALL CLAIMS (INCLUDING, WITHOUT LIMITATION, CLAIMS BROUGHT BY AN OWNER OR OCCUPANT) IF SUCH CLAIMS ARISE OUT OF OR RELATE TO A SECURITY MEASURE GOVERNED BY THIS POLICY. THIS COVENANT TO INDEMNIFY, HOLD HARMLESS, AND DEFEND INCLUDES (WITHOUT LIMITATION) CLAIMS CAUSED, OR ALLEGED TO BE CAUSED, IN WHOLE OR IN PART BY THE INDEMNIFIED PARTIES’ OWN NEGLIGENCE, REGARDLESS OF WHETHER SUCH NEGLIGENCE IS THE SOLE, JOINT, COMPARATIVE, OR CONTRIBUTORY CAUSE OF ANY CLAIM.

The installation of a security measure that is not in compliance with this Policy is considered a violation of the Dedicatory Instruments governing the Property.

SOLAR ENERGY DEVICES AND ROOFING MATERIALS POLICY

STATE OF TEXAS §
 §
COUNTY OF FORT BEND §

I. PURPOSE

The purpose of this Solar Energy Devices and Roofing Materials Policy (this “***Policy***”) is to provide guidance regarding the installation of solar devices and roofing materials pursuant to Texas Property Code Sections 202.010 and 202.011. The Board of Directors (the “***Board***”) of Jones Creek Reserve Community Association, Inc. (the “***Association***”) has determined that it is in the best interest of the Association to establish this Policy concerning the installation of solar energy devices and roofing materials on property subject to its jurisdiction.

II. APPLICABILITY AND AUTHORITY

The property encumbered by this Policy is that property restricted by the Declaration of Covenants, Conditions, and Restrictions for Jones Creek Reserve, recorded in the Official Public Records of Fort Bend County, Texas, under Clerk’s File No. 2024034546, as same has been or may be amended from time to time (the “***Declaration***”), and any other property which has been or may be subsequently annexed into Jones Creek Reserve and made subject to the authority of the Association.

The capitalized terms used in this Policy are defined in the same manner as set forth in the Declaration and the interpretation provision set forth in the Declaration applies to this Policy, which definitions and interpretation provision are incorporated in this Policy by this reference.

Any reference made in this Policy to approval by the Architectural Review Committee (“***ARC***”), means prior written approval by the ARC.

Pursuant to the Dedicatory Instruments governing the Property, the Association is vested with the authority to adopt policies, rules, and guidelines.

Pursuant to the authority granted in Sections 202.010 and 202.011 of the Texas Property Code, the Board adopts this Policy, which runs with the land and is binding on all Owners and Lots within the Property. This Policy replaces any previously recorded or implemented policy that addresses the subjects contained in this Policy.

Invalidation of any one or more of the covenants, conditions, restrictions, or provisions contained in this Policy will in no way affect any one of the other covenants, conditions, restrictions, or provisions of this Policy, which remain in full force and effect.

III. SOLAR DEVICES AND ROOFING MATERIALS POLICY

A. SOLAR ENERGY DEVICES

Pursuant to Texas Property Code §202.010, solar energy devices, including solar panels, are restricted in the following manner:

Prohibited Solar Energy Devices

Solar energy devices, as referred to in this Policy, are defined as set forth in the Texas Tax Code §171.107. Solar energy devices are prohibited in the following circumstances:

1. Solar energy devices that have been adjudicated by a court to be a threat to public health or safety or to violate a law;
2. Solar energy devices that are located on property owned or maintained by the Association;
3. Solar energy devices that are located on property that is owned in common by the Members;
4. Solar energy devices that are located on the Owner's property, other than:
 - a. On the roof of the Dwelling or another permitted structure; or
 - b. In a fenced yard or patio owned and maintained by the Owner;
5. Roof-mounted solar energy devices that extend higher than or beyond the roofline;
6. Subject to Item 7 below, if roof mounted, solar energy devices that are mounted in an area other than the back of the home;
7. Roof-mounted solar energy devices that are located in an area *other* than an area designated by the Association, unless the alternate location increases the estimated annual energy production by more than 10% above the area designated by the Association (as determined by a publicly available modeling tool provided by the National Renewable Energy Laboratory);
8. Roof-mounted solar energy devices that do not conform to the slope of the roof and have a top edge that is not parallel to the roofline;
9. Roof-mounted solar energy devices that have frames, support brackets, or visible piping or wiring containing colors other than silver, bronze, or black tones;

10. Solar energy devices that are located in a fenced yard or patio that are taller than the fence;
11. Solar energy devices that, as installed, void material warranties; and
12. Solar energy devices that were installed without prior approval by the Association or ARC.

If the proposed solar energy devices do not fall within one of the above-prohibited categories, the Association or ARC may not withhold approval of the installation of the solar energy devices unless the Association or ARC determines in writing that placement of the solar energy devices, as proposed by the Owner, constitutes a condition that substantially interferes with the use and enjoyment of land by causing unreasonable discomfort or annoyance to a person of ordinary sensibilities. The written approval of the Owner's proposed location by all Owners of adjoining property constitutes prima facie evidence that such a condition does not exist.

B. ROOFING MATERIALS

Pursuant to Texas Property Code §202.011, the installation of the following roofing materials is permitted:

1. Wind or hail resistant roofing materials;
2. Materials that provide heating and cooling efficiencies greater than those provided by customary composite shingles; and
3. Materials that provide solar generation capabilities.

The above-enumerated acceptable materials, when installed, must:

1. Resemble the shingles used or otherwise authorized for use within the Property;
2. Be more durable than, and of equal or superior quality to, the shingles authorized for use within the Property; and
3. Match the aesthetics of the property surrounding the Owner's property.

C. ARC APPROVAL

An applicant's submission of plans must include a completed application for ARC review, a site plan or roof plan showing the proposed location of the improvement, along with pictures showing the location of the modification and the manufacturer's brochures or a sample of material, if applicable. The color of the materials being used in relation to the roof or house color, the visibility from public streets and neighboring properties or Common Areas, and any noise created or light reflected are of specific concern to the Association and the ARC.

Any installation not in compliance with this Policy is considered a violation of the Dedicatory Instruments governing the Property.

This Policy does not apply to property that is owned or maintained by the Association.

CERTIFICATION

I certify that, as President of Jones Creek Reserve Community Association, Inc., the foregoing Solar Energy Devices and Roofing Materials Policy was approved on the 22 day of April, 2024, at a meeting of the Board of Directors at which a quorum was present.
